3. Fremlæggelse af årsregnskabet til godkendelse

Fald i donationer - medlemsindbetalingerne er faldet fra

Vi har 4 børnesponsorer tilbage

Revisorregningen er for 2 år

Der er ikke penge nok til at føre børnehjemmet videre - der skal realiseres værdipapirer

Se årsregnskabet

Medlemsforslag: Pas på med signalforvirring - Tanzibarn skal ikke kommunikere om et børnehus som vi ikke har.

Regnskab er godkendt

4. **Fremlæggelse og drøftelse af hovedlinjerne for foreningens virksomhed i det kommende år samt budget for det nye regnskabsår, herunder fastsættelse af kontingent**

Kontingent fastsat til 50,-

Der tales om kontingentets størrelse. Medlemmerne finder at den er for lav.

Vi skal søge flere gavegivere

Budgettet sidste år blev overholdt

Vi skal gerne have 200.000,- ind næste år

URYDO - KESHO

Many members have met. Conducted a course for 1 week, all members got a certificate Discussion on which projects are the best. They made businessplan for a cafe and send to Denmark.

The members at the general assembly will be asked "what would you like to pay for as a possible customer and tourist"

The cafe should serve different people, tourists and locals

Evaluering: Medlemmer mener at det fungerer godt med en direkte linje, så man kan se til Usa River live.

Hvad synes medlemmerne om en cafe? Hvad kunne man ellers udbyde?

- Tourists want an authentic experience. When you come to tanzania, you do not want something "danish" or American", you want something Tanzanian.
- Mountainbike trips
- National dish?
- Walking tours for tourists through Usa River. It will not cost anything, and the tourists would like to see the "real" Usa River.
